President's Message

My term as president of the Nuts Club is almost over. I have had a lot of fun being the president and even though I am taking a break from being one of the leaders, I still think this club is great and look forward to more fun with all of you in the months and years to come. I have enjoyed every friendship in this club.

On November 17th, we will be having club elections and a pie baking contest. I can't wait to see and taste the pies and hope we get a lot to choose from.

Get ready for a fun election (as opposed to the crazy one that is finally over!) where we can vote in some new people to help our club move forward. Thank you to all that have worked so hard in 2016. Your help has been very much appreciated. We will vote in some great people to take over in 2017.

We will have our last finds of the month for the year in November. The weather has been so good lately that we probably will have more good finds of the month than we would expect in November.

On December 8th, we will have our Christmas party/dinner at 7:00 p.m. It will be at our usual meeting place and will be catered by Texas Roadhouse. Adults cost is \$13.50 and kids 16 and under cost is \$9.00. Please plan to pay for the Christmas party for yourself and all of your guests at the NOVEMBER meeting. This will cover drinks, meal, dessert, and tip. I think we will have a great time at our party and hope you all will be there to make this happen.

See you on the 17th!
Kevin Barnes

Bob Campbell on Utah Saloon Tokens

Mr. and Mrs. Campbell collect tokens with pictorial representation of the Salt Lake Temple

Saloon tokens have the appeal of the "Old West" and are popular with collectors outside of Utah. Many people will collect tokens by a type of saloon/bar, town/location, industries (mining, dairy, stores). Due to the limited number of collectors a token can be common if there are 15 or more in existence. There has been seven major token manufacturers that produce tokens with known patterns and denominations, therefore we can assume a token may exist with similar characteristics as others that have been produced.

News

1974-d Aluminum Cent Returned to the U.S. Mint

The former mint employee's son returns the pattern coin after attempting to sell it at auction.

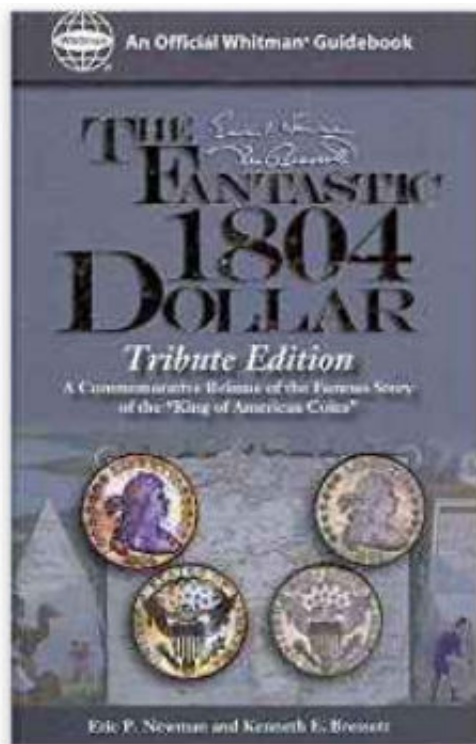

PCGS graded it as MS-63, but was broken out of the holder before returning to the Mint.

The Fantastic 1804 Dollar - Tribute Edition

A Commemorative Reissue of the Famous Story of the "King of American Coins"

Authors: Eric P. Newman and Kenneth E. Bressett

Copyright: 1962, reissued: 2009

ISBN: 978-079482829-5

Pages: 203

Hardback: \$19.95 retail, Amazon.com starts at \$6.50 used

If you are interested in rare and highly desirable coins, The Fantastic 1804 Dollar will take you through a journey of its history and reason for existence. Was it for the King of Siam or for the profit of some selfish mint employees?

Most of this book is like lawyers presenting their case before a judge to explain why these dollars should or should not exist. The book delves in controversies like: Were these coins even made in 1804? Who could they have been made for? What were the results from their production at the Mint and for collectors?

This book was originally written in the 1960s and republished in 2009. Additional information surfaced and was added to the reprint, such as color photographs, modern auction results and the history of Edmund Roberts and his diplomatic role. The chapters are fairly short, ranging from 2 to 10 pages. The three types of 1804 dollars are described with lots of details. There are black and white photographs of the coins to illustrate technical differences.

For some people, the Fantastic 1804 Dollar may be a difficult book to read, due to its technical nature. When the authors presented the information they found to the numismatic community; it shocked them.

Bullion

Gold: \$1226.10 ▼ -\$38.7 - Silver: \$17.36 ▼ -\$0.14

Gold briefly went over \$1300 because of the presidential elections but, returned to normal levels after the results.
